POLITICAL PARTIES ACTIVE AT DEMING.

Socialists Enter Field—Luna County's Complexion a Question.

Deming, N. M., July 18.—Politics are warming up in Luna county. The republican county convention is called for July 20, and the call asks "all Republicans and citizens of the county irrespective of past party affiliation, who are in favor of framing a constitution for the new state, the provisions of which will equally protect the rights and liberties of the whole people in the fullest measure," to participate.

The current Graphic contains the announcement of S. Lindner as the Socialist candidate for election to the constitutional convention. The announcement also states a few of the things for which socialism stands, such as the initiative, the referendum and the recall and the public ownership of all natural monopolies. It points out that we now have many socialistic measures in actual operation and that the socialist movement "so far as the machinery of government is concerned, stands for every device which enables the people to express and enforce their will in governmental matters; and so far as the end of government goes, for every measure that makes for a more equitable distribution of the goods produced by land, labor and capital."

Democrats Plan Convention.
The Democrats have not as yet called their convention, but they will do so shortly. Announcements are out, stating that John Corbett will be a candidate for nomination by the Democratic convention as delegate to the constitutional convention. Mr. Corbett is an old-timer, a successful business man, and identified with the Democratic party of Luna county from the beginning. It is likely, however, that senator J. N. Upton, a prominent ranchman from up the Gila river, and a delegate to the last constitutional convention, will contest the nomination with him. And another prominent Democrat is being mentioned frequently in this connection. So there will be a hot and friendly misgrip among the Democrats before the nomination is made, but of course they will not be out in their real war paint until after the nomination is made and they are called upon to maintain their old time supremacy in Luna county.

There were 588 votes cast in the last election in Luna county. Larazola carried the county over Andrews by a majority of 123 votes. Twenty votes were cast for Metcalfe, the Socialist candidate. And it must be remembered that Andrews was making his flight strictly on the issue of statehood, and statehood is popular in Luna county.

New Residents May Change Vote.
Since the last election, also, the county has been filling up with people from everywhere. In one township south of town there are settlers from the four corner states of the union, one family from Maine, one from California, one from Florida and one from Washington. Immigration into Luna county since the last election is absolutely without political complexion. Some maintain that there have been more Democrats come in, others that there have been more Republicans; the writer, who is in as good a position to know as anyone, is of the opinion that the Republicans have a little the best of it.

Another confusing circumstance, is the fact that the Socialist candidate has been identified with the Democratic party heretofore and has many warm personal friends among the Democrats. Besides this, the Socialistic views which he is emphasizing in his campaign are in line with the views of the more radical Democrats. So it is quite certain that the Socialist candidate will draw more support from the Democratic party than from the Republican.

Ely May Head Republicans.
It is generally conceded that Hon. Ralph C. Ely will be the Republican nominee. Mr. Ely is especially popular with the new comers, being a pioneer in irrigation in Luna county and a booster.

All in all, this three-cornered fight in Luna county promises to be a warm one.

REINSTATEMENT IS DENIED TO BEDWELL

Kentucky Racing Association Rules Against Well Known Horseman.

Lexington, Ky., July 18.—H. G. Bedwell, the California and Denver turfman who made the biggest hauls during the Juarez, Mexico, track season, has been ruled off the Latonia track for keeps. His application for reinstatement to the Kentucky Racing association commission was refused by that body late Saturday.

Kay Spencer, another horseman who was ruled off on the charge of stimulating the horses, the same charge that was preferred against Bedwell, was reinstated. Thomas H. McCreery, who was connected with the Bedwell stable as trainer, was also reinstated.

In the case of McCreery it was held that the evidence before the commission failed to disclose the administration of a drug to Nahu by him or any authorized agency or employee of McCreery.

ARIZONA LABOR MEN SOMEWHAT DIVIDED

The Tucson Typographical Union Members Bolt Convention Held at Phoenix

Tucson, Ariz., July 18.—At a meeting of the Workingmen's Protective association here, there was a heated discussion over endorsing the principles of the so-called "Labor party," which was organized at Phoenix, but the association did not endorse the newly formed party, members state.

Of the Labor party, H. H. Wynkoop, who represented the Tucson local of the Typographical union in the Phoenix convention, and who bolted the convention, says:

"I went to Phoenix with an honest hope that something of real benefit to the cause of labor might be accomplished, but when the minority report of the credentials committee was adopted over the majority report, I saw that the convention was in the hands of Socialists."

AMUSEMENTS.

The bill this week will surpass any for some months at the popular family theater, the only and original picture of Elision Carroll the world's champion of his exhibition of roping and tying a steer in 17 seconds, with detailed description of the life of a cowboy, most interesting and realistic picture is an exclusive, and there is a big royalty charged for it, will be shown Monday, Tuesday and Wednesday, with usual line of vaudeville. This is a banner bill, and must be seen to be appreciated; they will have on seven people in a big show for 10c and 20c. The Patersons, presenting a comedy sketch introducing, ventrillism, a pair of midgets, black art singing and dancing, a laugh every minute.

Al Fisher, that ebony comedian or the funny man in black, is a good singer, good talker and some dancer. Burton and Brad in their original comedy sketch, the Piano Mover. Very laughable, and witty and a decided hit. This bill will hold forth three days and is well selected and will be very entertaining and amusing, entire change of program Thursday. Don't miss the big features above. Get the habit, follow the crowd, have your sorrows assassinated. Happy Hour every night, two shows, 10c and 20c, 7:45 and 9. Matinees discontinued.

ANOTHER HIT AT AIRDOME.
Over 1000 people were at the Airdome Sunday night to see the new bill, and to see that the show made a hit is to put it mildly. "A Felicitious Nobleman" was the play and it is certainly a laugh producer. Every character was exceptionally well played and every situation created much merriment. There were 14 musical numbers and the final of the first act was another of those novelties which the Airdome audiences enjoyed so much. At the finish of the song "Capt. a Captain of the Army," an electric lighted valentine is brought on the stage with a real live Cupid (Master Joe Webster), and is one of the most effective tableaux ever seen here. The same bill will run all week.

ROSWELL OIL FIND REPORTED.

Roswell, N. M., July 18.—J. W. Weston an oil expert of California claims that he has discovered a vein of oil which runs in a southwesterly direction from Clovis and is west of this city.

WANTED—Citizens to see the superior bill this week at the Happy Hour.

Elison's great feature, with seven people in a new vaudeville, 10c and 20c; two shows nightly, 7:45 and 9.

NEW REPUBLICAN SECRETARY IS NAMED AT ROSWELL.

Roswell, N. M., July 18.—At a meeting of the Republican county central committee secretary de Freest submitted his resignation and Robert Kollahin was unanimously chosen to fill the unexpired term. It was decided to hold a delegate convention for the nomination of our candidates for the constitutional convention on Saturday, August 6, in Roswell, and the precinct conventions will be held Wednesday, July 27.

REPUBLICANS

The precinct conventions for all precincts in the county will be held on July 23rd, and the county convention on July 30th. Won't you make it your business to attend your precinct convention, and endeavor to see that none but good men are elected as precinct chairmen, and that equally good men are sent to the county convention, as delegates?

On July 30th the county convention will be held. Attend this in person, and assist in nominating a ticket of good men for county officers. The State convention at Dallas undoubtedly will put out a strong ticket. Make it your business to see that all of our Republicans stay out of the Democratic primaries this year. It seems that in the Democratic primaries prohibition is a burning question. For a prohibitionist to go into the primaries means that he may have to pledge himself to vote for an anti-prohibitionist for governor, and for an anti to go in means that he may have to pledge himself to vote for a prohibitionist for governor. Good citizens can afford to wait and choose between the platforms and candidates of the two parties in November.

U. S. GOEN, County Chairman.
